

Product information:

The TR3xxx offers a range of line transformers with a power ranging from 30 Watt up to 480 Watt. There are different taps available for 50V, 70V and 100V lines and the low impedance side is selectable between 2 Ohm, 4 Ohm and 8 Ohm.

System specifications:

Program power handling	480 W
Connectors	7.87 " cable

Product Features:

Dimensions	6.69 x 2.56 x 6.69 " (W x H x D)	
Weight	15.48 lb	
Construction	Copper	
Accessories	Included	Mounting bolt, nut and washer
