

SBAG27

Solid cd flight case for 75 cd's

Highlights:

- Lightweight for easy handling
- Soft padded interior
- Large side pocket for accessories & cables
- Padded shoulder strap & carry handle
- Extra wide zipper with rubber grip pulls

Product information:

The SBAG27 is a professional portable lightweight CD transport bag which can accommodate up to 75 CD's in its inner compartments. Additional accessories can be stored in the side pockets. Its construction is based on a solid plywood frame which is covered by a strong and water repellent nylon fabric. The top can be opened easily using the double zipper. The inner frame is divided into 3 equal compartments that are carpeted to provide extra protection to the equipment while the padded carry handle and shoulder strap ensures a comfortable carriage. Because of the sturdy design the transport bag can be used not only to carry CD's, but all kinds of equipment that fits inside the compartments. The three compartments all have following inside dimensions: 130 x 290 x 140 mm. A coded lock is included which can be placed over the double zipper to ensure the equipment's safety, while the rubber feet below prevent the fabric from being damaged when placed on the floor.
