

Product information:

1 meter sample pack of the RZ07. The RZ series cables are parallel designed loudspeaker cables with a maximum flexibility and strength. They are mostly used for indoor applications. Each conductor is fitted with a highly flexible jacket of PVC. The two parallel conductors are available in black, white or gray and one of the two has a thin line to identify the polarity. The RZ series cables are "all-round" loudspeaker cables suited for all kinds of applications on loudspeaker level.
